SCIENCE & RESEARCH

WE PUT GREAT EMPHASIS ON APPLIED RESEARCH AND DEVELOPMENT

We have been the fastest growing university in the Czech Republic in terms of science and research in the past three years.

Our University is the 2nd best university in the contractual research.

Our University is the 7th research institution in the Czech Republic.

We cooperate with the industry – that is the basis of our research.

We connect traditional branches (of mining, metallurgical and mechanical engineering industry) to new technologies such as supercomputing, nanotechnology and ecology.

We successfully build new research infrastructures from EU projects (3.5bn CZK).
