

About our university

Vilnius Gediminas Technical University (VGTU) is a leading higher education institution situated in Vilnius the capital of Lithuania. Established in 1956 VGTU is one of the biggest research universities in country with a focus on technologies and engineering and strong emphasis on university-business cooperation. VGTU is among top 2,1% of universities globally. VGTU is ranked 32nd in the Emerging Europe and Central Asia region according to the "QS World University Rankings 2020"

Facts and figures:

Over **9 400** students (13,5% international degree seeking or exchange)

13 research institutes, **3** research centres, **22** research laboratories

960 academic staff members (67% with PhD degree)

110 study programmes based on three-cycle structure: undergraduate (BSc), graduate (MSc) and post-graduate (PhD) studies

Over 450 partner higher education and research institutions in **67** countries

Mission and objectives

VGTU's mission is to: develop a publicly responsible, creative, competitive individual who is receptive to science, the latest technologies and cultural values; to promote scientific progress, social and economic well-being; and to create value that ensures the development of both Lithuania and the region in a global context.

VGTU's objectives are to:

- Prepare qualified, creative and socially active professionals, who can work successfully in both the scientific community and labour markets of Lithuania and elsewhere
- conduct international-level research concentrating scientific activities in departments with the highest level of competence
- develop research-based innovations that benefit society and business

Cost of living in Lithuania

It may seem that living in Lithuania can be quite expensive but there are few ways to ensure yourself a good living (although please keep in mind that you must be able to maintain financial stability during the whole study period even without these options)

The estimated cost of living per month:

Accommodation at VU dormitories > EUR 44–174

Food > EUR 175

Materials for studies (stationery, textbooks, printing and photocopying, other materials) > EUR 43

Social/leisure (~6 EUR for a movie ticket + 25 EUR)

For other activities like theatre) > EUR 31

Public transport (with student discount) > EUR 5.80

Personal care (hygiene, medicine, haircut) > EUR 35

Other > EUR 60

TOTAL > EUR ~458.80

Why study at VGTU?

1. European Higher Education Area
2. High quality degree studies and internationally recognized diplomas
3. Study programmes in English language
4. Exchange and placement programmes in more than 380 European partner institutions
5. Scholarship programmes
6. Relatively low living cost
7. Friendly, liberal and safe study and living environment

Study programme	Qualification degree
Automotive Engineering	Bachelor of Engineering Sciences in Transport Engineering
Bioengineering	Bachelor of Technological Sciences in Bioengineering
Building Energetics	Bachelor of Engineering Sciences in Energy Engineering
Environmental Protection Engineering	Bachelor of Engineering Sciences in Environmental Engineering
Information and Communication Technologies	Bachelor of Informatics Sciences
Information Systems Engineering	Bachelor of Engineering Sciences in Informatics Engineering
Mechanical Engineering	Bachelor of Engineering Sciences in Mechanical Engineering
Civil Engineering	Bachelor of Engineering Sciences in Civil Engineering
Computer Engineering	Bachelor of Engineering Sciences in Computer Engineering
Information Technologies	Bachelor of Informatics Sciences
Mechatronics and Robotics	Bachelor of Engineering Sciences in Mechatronics

Applying to the VGTU

For exchange students

Join VGTU for one or two semesters' studies and create new memories together with more than 500 international students from over 50 countries around the world. We offer an adventure full of international experience, European culture and new friendships.

Once you have found a course you want to study or an internship offer, the next step is to apply by following the IUT 1 admission procedure for outgoing mobility. For more information, you should refer to your international department coordinator
