# UNIVERSITY OF PORTSMOUTH

## About US

The University of Portsmouth is located on the south coast of England, about 120km southwest of London. There are over 24,000 students enrolled, 5,200 of which are international.

The University of Portsmouth is a public university in the city of Portsmouth, Hampshire, England. It was previously known as Portsmouth Polytechnic from 1969 until 1992, when it was granted university status through the Further and Higher Education Act 1992.

Portsmouth is a modern, multi-disciplinary university offering practical courses at undergraduate, postgraduate taught and research level across five faculties. It is ranked among the Top 100 universities under 50 in the world.

## OUR MISSION

To create, share and apply knowledge to make a difference to individuals and society.

Our values underpin everything we do:

### Ambitious

We pursue bold ideas in an environment where creativity, innovation and success is encouraged and celebrated
We nurture and value relationships and partnerships that foster a global outlook
We inspire and support staff and students to achieve their potential and meet the challenges of society
We never settle for second best

### Responsible

We act with integrity for the greater good
We insist on upholding the highest academic and professional standards
We respect and celebrate diversity and equal opportunity through an inclusive culture
We aim for sustainability across all our activities

### Open

We work consultatively and collaboratively to benefit from new perspectives
We share ideas and maintain transparency
We are trustworthy and do what we say we will do
We listen and respond to the needs of our students and staff

## CIVIL ENGINEERING BEng (Hons)

On this BEng (Hons) Civil Engineering degree course, you'll get to grips with the theory, methods and skills needed for a career in civil engineering, in the city that gave the world Isambard Kingdom Brunel.

You'll learn how to design, construct, operate and maintain the infrastructure that supports everything from buildings and transportation to public amenities.

This course is accredited by the Institution of Civil Engineers, the Institution of Structural Engineers, the Chartered Institution of Highways and Transportation, and the Institute of Highway Engineers – meeting in full the academic requirement for Incorporated Engineer (IEng) and in part the academic requirement for Chartered Engineer (CEng).

## SOFTWARE ENGINEERING BSc (Hons)

You'll study programming techniques and software engineering principles that can be applied to many different areas. You'll put theory into practice while applying various software technologies to solve complex problems. The combination of technical skills and practical experience you'll get will set you up for a career as a programmer or developer in fields such as data warehousing, computer security, IT management and web development.

## MECHANICAL ENGINEERING BEng (Hons)

To meet the challenges of the engineering world, you'll study the design, development, manufacture, installation, operation and maintenance of engineered products. You'll get to specialise in advanced subjects such as sustainable development and computer-aided engineering and have the option to get involved in UP Racing - the University's Formula Student team.

## ELECTRICAL AND RENEWABLE ENERGY ENGINEERING MEng/BEng (Hons)

This branch of engineering focuses on powering the world, and the infrastructure around this. From energy conversion and storage technology, to low carbon heating systems, electrical circuit analysis and large network grids, you'll study a variety of topics in this constantly evolving area. You'll learn more about the energy industry, better preparing you for a career in the field, and develop the theoretical knowledge and practical skills to deliver products and services that benefit the climate and society.

## Living costs

| | |
|---|---|
| Rent | £75-£85 |
| Bills (gas/electricity/water/internet) | £15-£20 |
| Food/housekeeping | £35-£40 |
| Travel | £5-£10 |
| Phone | £5-£10 |
| TV licence | £3 |
| Contents insurance | £2-£3 |
| Social costs | £30-£40 |
| Total per week | £170-£211 |
| Total per academic year (40 weeks) | £6,800 - £8,440 |

86% STUDENT SATISFACTION National Student Survey, 2020

## Exchange students

WE'RE A HOME AWAY FROM HOME
Each year, people from 150 countries journey across the globe to join us. So when you choose to live and study here, chances are you'll make the same life-changing trip as countless other students from wherever you call home.

## How to apply

Once you have found a course you want to study the next step is to apply by following the IUT admission procedure for outgoing mobility. You can refer to your international department coordinator to determine the best option for your studies abroad.
